Interpretation of Endometrial Biopsies
Bojana Djordjevic, MD, FRCPC, FCAP
June 15, 2015
Lecture Goals and Objectives

Lecture participants should:

Medical Expert:
- Be able to describe normal endometrial histology
- Acquire knowledge of the surgical management of endometrial lesions
- Acquire knowledge in the interpretation of endometrial biopsy specimens
- Acquire knowledge in formulating a differential diagnosis in the interpretation of endometrial biopsy specimens
- Acquire knowledge of the immunohistochemical and molecular testing of select endometrial lesions

Communicator:
- Acquire knowledge on the importance of gathering clinical information pertaining to endometrial lesions
- Acquire knowledge on important information to communicate to the clinicians pertaining to endometrial lesions
- Acquire knowledge on how to formulate clear, concise and complete pathologic reports pertaining to endometrial lesions

Collaborator:
- Acquire knowledge of the roles of various team members in the diagnosis and treatment of endometrial lesions (eg gynecologists, gynecological oncologists, laboratory medicine staff)
- Acquire knowledge on the role of intra and interdepartmental consultations in the pathologic diagnosis of endometrial lesions

Manager:
- Acquire knowledge of the importance of assessment of appropriate endometrial sampling

Health Advocate:
- Acquire knowledge on understanding the impact of a diagnosis of an endometrial malignancy on patients
- Acquire knowledge on the importance of turn around time on endometrial specimens due to the high level of stress experienced by patients with suspected endometrial malignancy
**Professional:**
- Acquire knowledge on when to appropriately consult an expert in gynecological pathology
- Acquire knowledge on when endometrial lesions diagnosed on biopsy should be verbally discussed with a gynecologist or a gynecologic oncologist

**Scholar:**
- Acquire knowledge on relevant sources of information (journals, textbooks, web-based resources) for reviewing literature pertaining to endometrial pathology
- Acquire knowledge on possible research project ideas in the field of endometrial pathology
