Lecture participants should:

**Medical Expert:**
- Be able to describe normal glomerular histology
- Acquire knowledge pertaining the clinical presentation of patients with renal pathology in systemic diseases manifested as crescentic glomerulonephritis
- Acquire knowledge pertaining renal pathology in systemic diseases manifested as crescentic glomerulonephritis
- Acquire knowledge pertaining causes of crescentic glomerulonephritis in systemic diseases
- Acquire knowledge in the interpretation of kidney biopsies due to crescentic glomerulonephritides in systemic diseases
- Acquire knowledge in formulating a differential diagnosis in the interpretation of crescentic glomerulonephritides in systemic diseases

**Communicator:**
- Acquire knowledge on the importance of gathering clinical information pertaining to patients undergoing a kidney biopsy
- Acquire knowledge on important information to communicate to the clinicians
- Acquire knowledge on how to formulate clear, concise and complete pathologic diagnosis pertaining to kidney biopsies in systemic diseases

**Collaborator:**
- Acquire knowledge of the roles of various team members in the diagnosis and treatment of renal pathology in systemic diseases

**Manager:**
- Acquire knowledge on understanding the value of proficiency testing of the different special stains and immunohistochemistry used in the diagnosis of crescentic glomerulonephritides in systemic diseases

**Health Advocate:**
- Acquire knowledge on understanding the impact of a diagnosis of crescentic glomerulonephritis in systemic diseases

**Professional:**
- Acquire knowledge on when to appropriately consult an expert in renal pathology

**Scholar:**
- Acquire knowledge on relevant sources of information (journals, textbooks, web-based resources) for reviewing literature pertaining to renal pathology
