Vulvar Lesions April 27, 2014
Shahid Islam, MD, PhD, FRCPC
Goals and Objectives

Lecture participants should:

**Medical Expert:**
- Be able to describe normal normal histology
- Acquire knowledge pertaining to the epidemiology of select vulvar lesions
- Acquire knowledge pertaining to risk factors for various vulvar lesions
- Acquire knowledge of management of different types of vulvar lesions
- Acquire knowledge regarding the gross dissection of some of the common vulvar lesions
- Acquire knowledge in the interpretation of vulvar pathological specimens
- Acquire knowledge in formulating a differential diagnosis in the interpretation of different types of vulvar lesions
- Acquire knowledge of the immunohistochemical testing of select vulvar lesions
- Acquire knowledge of the staging of select vulvar malignancy

**Communicator:**
- Acquire knowledge on the importance of gathering clinical information pertaining to different types of vulvar lesions
- Acquire knowledge on how to formulate clear, concise and complete pathologic reports pertaining to different types of vulvar lesions

**Collaborator:**
- Acquire knowledge on the role of intra and interdepartmental consultations in the pathologic diagnosis of different types of challenging vulvar lesions
- Acquire knowledge regarding the role of the pathologist in tumour board presentations for vulvar malignancy

**Manager:**
- Acquire knowledge of the importance of quality assurance and quality control measures for the diagnosis of select vulvar lesions including pre-analytical, analytical and post-analytical variables

**Health Advocate:**
- Acquire knowledge on understanding the impact of a diagnosis of a vulvar benign and malignant lesions on patients
Professional:
- Acquire knowledge on when to appropriately consult an expert in gynecological pathology
- Acquire knowledge on the limitations of interpretation in the diagnosis of vulvar lesions

Scholar:
- Acquire knowledge on relevant sources of information (journals, textbooks, web-based resources) for reviewing literature pertaining to ovarian pathology
- Acquire knowledge on relevant pathology organizations/meetings pertaining to vulvar pathology
